Refrigerator Poems
Set 1
A Light Song Cycle

Settings of Poems by
Therese McNally

for Soprano, Alto, Tenor, Bass
Refrigerator Poems
by Therese McNally

(Set 1)

Beauty wants to be loved as eternity.

My true forest will have a mist garden road near a summer lake whisper.

You may lie on top and let all soar.

Recall the light worship but shadow did dream through music.

These poems were created using those popular refrigerator magnetic poetry kits.
